TUCKAHOE
MONTESSORI SCHOOL

ABOUT TUCKAHOE MONTESSORI

In 1972, Tuckahoe Montessori School welcomed twenty eager children into a carefully prepared one-room schoolhouse. Over the past fifty years, many classrooms have been added, but our thoughtfully designed program, filled with kindness and kinship, remains the same. Today, 118 students fill our campus with joy, laughter, and curiosity.

The Tuckahoe Montessori School (TMS) curriculum is designed to challenge each student to consider, explore, and think deeply about themselves and the world around them. TMS students are free to move about the classroom and choose from curated hands-on materials. Teachers introduce materials sequentially according to the students' developmental needs. Guided by our expert faculty, TMS students forge a personal learning path that is well-rounded, rigorous, and self-driven.

TMS helps students form positive lifelong connections to learning, so they can flourish as confident, independent, socially responsible adults.
